

Evangelist Dave Kistler

I urge you to make your plans now for this historic event. Because of the unique nature of the days in which we live, the timing could not be more critical for us to proclaim our Savior's name in our nation's capital. Never has the

time been more right for us to speak boldly for our soon coming Lord. Pray earnestly for this once in a lifetime opportunity that our nation and its leaders might be reached for God's glory.

## CRUSADE LOCATION

The entire crusade will be conducted on the National Mall directly across from the Washington Monument, between 14th and 15th Streets (where we were located in 2002). As parking in the area is extremely limited, and there is no private vehicle parking permitted by the National Park Service at the tent site, we encourage all attending to utilize the Metro (DC subway system). Please exit at the Smithsonian Metro Station, then proceed to the ground level and walk west towards the Washington Monument. Please note that this location is changed from the 7th St. location originally listed in the 2007 DC Brochure.
