

The President's Perspective

Fruit from "For Freedom's Dream"

The last eight days have been ones of great blessing and much increase for our Lord. Last week, we were privileged to be at Calvary Baptist Church in Raleigh, NC. This was our 17th time ministering in that great church. What an incredible spirit of anticipation and excitement was present in every meeting. Great decisions were made in each service and 10 precious souls were gloriously saved. It was thrilling to see those who were saved last year during our meeting there in attendance and growing for our Lord.

We showed, for only the fourth time publicly, our DVD "For Freedom's Dream." As has been the case every time we have showed it, hearts were stirred by this moving presentation. At the end of each showing, I have encouraged people to pick up a copy of the insert for the DVD from our display table. Instantly, all the inserts were taken. Not until I arrived home on Friday, did I realize the impact that the DVD showing had. A former military man, who had fought in Vietnam, had been in attendance when I showed the DVD, had picked up a copy of the insert and had taken it home with him to read. After reading the insert, which includes the message of the gospel on it, he accepted Christ as Savior. There was a letter waiting for me on Friday telling me how much he appreciated the DVD presentation, but especially he thanked me for the gospel message that had changed his life. The last line of his letter was "Now I know that I am going to heaven." This is just the first fruits of all that we are convinced that God is going to do through this patriotic and evangelistic DVD.

As never before I am convinced that we MUST find out what God is doing and get on board with Him. For too long we have continued to pursue our own path and ask for God to bless OUR agenda. Instead, we must find out what God's agenda is and get on board with that. He has no hesitation blessing His agenda. It is glaringly obvious that one of the greatest mission fields today is the military. These, who come face to face daily with their own mortality, are asking the most important questions about life and death. We must be ready and willing to give them the answer of Jesus Christ.

Yesterday, we began meetings in Harrisonburg, Virginia at Peoples Baptist Church. Once again, we showed the DVD in a combined Sunday-School to overwhelmingly positive response. In the morning service, 6 responded to receive Christ as Savior, as Christians filled the altar to deal with issues in their lives. Peoples Baptist is in a beautiful, new auditorium. The atmosphere is warm, friendly and inviting. We anticipate great blessing throughout this week.

After this week, we have one more out of town meeting before going home for a few weeks prior to our Pentagon Evangelistic Outreach. We earnestly desire your continued prayer support for every open door of opportunity. Serving our Wonderful

Lord, in these days, never grows old or becomes mundane. Each day is one filled with great anticipation of His direction and blessing

Dave Kistler
