Expelled!

OUTSTANDING!! MUST SEE!! PROVOCATIVE and THOUGHT PROVOKING!! These are just a few of the phrases that describe "Expelled--No Intelligence Allowed."

After viewing the documentary this evening, I strongly encourage you to see it for yourself. In addition to my surprise at seeing a packed theater, I was greatly encouraged at the quality of the film, both technically and apologetically. While I do not want to spoil any of the presentation for you, I must say that Ben Stein definitely got to the heart of the issue. When you get the opportunity to see it for yourself, please note the discussion where three (3) critical assertions are made. These three assertions are repeated several times. (1) If evolution is true, then there is no God. (2) If there is no God, then there is no life after death. (3) If there is no life after death, then there is no accountability. Hence, life has no meaning whatsoever. Accordingly, life has no value. Please take note of how Darwinism is a natural route directly to Nazism (as is powerfully portrayed in the film).

I must confess that two pertinent passages of Scripture rang over and over in my mind as I watched this movie. Both passages apply to the unbelievable and absolute unwillingness of many in the scientific community to remotely consider any paradigm other than evolution.

"And even as they did not like to retain God in their knowledge, God gave them over to a reprobate mind." (Romans 1: 28)

"For this they are WILLINGLY IGNORANT of, that by the Word of God the heavens were of old..." (II Peter 3:5)

Friends, we MUST be ready, as never before, "to give an answer of the reason of the hope that is in us." We have all the evidence on our side and need never take a back seat to anyone in this grand debate. Not only is the Word of God

true, it is defensible and powerful enough, by far, to "exhort and convince the gainsayers."

Whether you choose to view this film or not, pray that it will be powerfully used to enlighten minds and create questions--questions on the part of our culture that demand answers!
